The Graduation Pathways Post

Hi, I'm Mrs. Becky Biggs, and I am the Heritage Jr/Sr High Graduation Pathways Coach. I'll be working as part of the Heritage team to inform, track, and assist in the Graduation Pathways process.

What is a Graduation Pathway?

If you are the parent of a 7th, 8th, or 9th grader: Beginning with the Class of 2023, all Indiana public high school students will be required to complete a Graduation Pathway to meet their graduation requirements. The Graduation Pathway is a program designed to help students prepare to meet their goals beyond high school and into their future career. You and your students will be hearing more about this process, step-by-step, both this year and as your student moves toward graduation.

Briefly, completing a Graduation Pathway means that a student has done these 3 things:

1. Earn the credits needed for their high school diploma
2. Learn and Demonstrate Employability Skills (through a project, service, or work- based learning experience)
3. Demonstrate Postsecondary-Ready Competencies (There are many options to do this including test scores and specific classes.)

If your student is a sophomore, junior or senior graduating in 2020, 2021, or 2022: Your student can satisfy graduation requirements by earning credits to complete a diploma AND either passing the ISTEP 10 or completing a Graduation Pathway. The counselors and pathway coach will continue to work with your student to find the best way to meet graduation requirements. Please let us know if you have any questions.

Opportunities to learn more...

Graduation Pathways Parent Information Workshop: Wednesday, September 25, 2019 during Parent/Teacher Conferences in the Heritage Media Center (more details to follow)

Contact Mrs. Biggs: rbiggs@eacs.k12.in.us or (260) 446-0140 Ext. 7012
